Upon the Employer's acceptance of the MSI's proposal, the MSI shall proceed with the Variation;
- 2.2.5.5.5. To the extent the Employer seeks amendments and/or justification in the proposal submitted by the MSI, the MSI shall incorporate or address, in writing, the Employer's comments and submit a revised proposal. On approval of the revised proposal in accordance with Clause 2.2.5.5.4., the MSI shall proceed with the Variation.
- 2.2.5.5.6. On implementation of a Variation Order, the MSI shall be entitled to the agreed increase in the Total Value of Contract and/or adjustment to the Supply Schedule, Services Schedule or Payment Schedule for carrying out the Variation.
- 2.2.5.5.7. Notwithstanding anything to the contrary in this Clause 2.2.5.5, the MSI shall be bound to implement any Variation that is necessitated by a Change in Law (discussed in Clause 2.2.6. below) and any consequent adjustment in the Total Value of Contract, Supply Schedule, Services Schedule or Payment Schedule, on account of such Variation, shall be determined in accordance with Clause 2.2.6. below.

- 2.2.5.7. Notwithstanding anything contained in this Clause 2.2.5, a Variation made necessary due to any act, omission or default of the MSI in the performance of its obligations under the Contract will not result in any increase in the Total Value of Contract or extension of any Deliverable Due Date.

- 2.2.5.8. No Variation invalidates the Contract. The MSI agrees that a Variation may involve the omission of any part of the Scope and further, the MSI agrees that the Employer may engage others to perform that part of the Scope which has been omitted. The MSI further acknowledges that any omission or omissions will not constitute a basis to allege that the Employer has repudiated the Contract no matter the extent or timing of the omission(s).
- 2.2.5.9. Notwithstanding anything contained in this Clause 2.2.5., the Employer shall not agree to any Variation if: (i) the MSI seeks any Variation in its obligations which is due to any shortcoming or deficiency in the documents provided by the MSI; (ii) the Variation relates to repeat performance of the Solution due to the MSI's failure to comply with the Employer's requirements; or (iii) escalation in the cost of equipment, materials or the work force, other than on account of a Change in Law.
- 2.2.5.10. If due to any reason the MSI and Employer are not able to finalize a change in the system (ex: including a hardware component or a software functionality which was not anticipated earlier), the Employer reserves a right to get the change executed by any other third party. However the component or functionality being a part of the comprehensive system, the original MSI shall have obligation to support any integration effort required whatsoever and extend full co-operation to the third party and the Employer.

2.10.10.3.1. Subject to GCC Clause 2.10.10.4 (Partial Acceptance) below, Operational Acceptance shall occur in respect of the System, when:

- (a) the Operational Acceptance Tests, as specified in the Terms of Reference, and/or the Agreed and Finalized Project Plan have been successfully completed; or
- (b) the Operational Acceptance Tests have not been successfully completed or have not been carried out for reasons that are attributable to the Employer within the period from the date of Installation or any other agreed-upon period as specified in GCC Clause 2.10.10.2.2 above; or
- (c) the Employer has put the System into production or use for sixty (60) consecutive days. If the System is put into production or use in this manner, the MSI shall notify the Employer and document such use.

- (a) the Employer may consider terminating the Contract, pursuant to GCC Clause 2.2.9. a; or
 - (b) if the failure to achieve Operational Acceptance within the specified time period is a result of the failure of the Employer to fulfill its obligations under the Contract, then the MSI shall be deemed to have fulfilled its obligations with respect to the relevant technical and functional aspects of the Contract, and GCC Clause 2.11.3.3 shall not apply.
- 2.10.10.4. Partial Acceptance
- 2.10.10.4.1. If so specified in GCC Clause 2.10.10.2.1, Installation and Commissioning shall be carried out individually for each identified major component or Subsystem(s) of the System. In this event, the provisions in the Contract relating to Installation and Commissioning, including the Operational Acceptance Test, shall apply to each such major component or Subsystem individually, and Operational Acceptance Certificate(s) shall be issued accordingly for each such major component or Subsystem of the System, subject to the limitations contained in GCC Clause 2.10.10.4.2;

- 2.10.10.4.3. In the case of minor components for the System that by their nature do not require Commissioning or an Operational Acceptance Test (e.g., minor fittings, furnishings or site works, etc.), the Project Manager shall issue an Operational Acceptance Certificate within fourteen (14) days after the fittings and/or furnishings have been delivered and/or installed or the site works have been completed. The MSI shall, however, use all reasonable endeavors to promptly remedy any defects or deficiencies in such minor components detected by the Employer or MSI.

- 2.11.1.3. If liquidated damages are claimed by the Employer for the System (or Subsystem), the MSI shall have no further liability whatsoever to the Employer in respect to the Operational Acceptance time guarantee for the System (or Subsystem). However, the payment of liquidated damages shall not in any way relieve the MSI from any of its obligations to complete the System or from any other of its obligations and liabilities under the Contract.

2.11.2. Extension of Time for Achieving Operational Acceptance

- 2.11.2.1. The time(s) for achieving Operational Acceptance specified in the Schedule of Implementation shall be extended if the MSI is delayed or impeded in the performance of any of its obligations under the Contract by reason of any of the following:

- 2.11.3.9. The MSI may, with the consent of the Employer, remove from the site any Information Technology components and other Goods that are defective, if the nature of the defect, and/or any damage to the System caused by the defect, is such that repairs cannot be expeditiously carried out at the site. If the repair, replacement, or making good is of such a character that it may affect the efficiency of the System, the Employer may give the MSI notice requiring that tests of the defective part be made by the MSI immediately upon completion of such remedial work, whereupon the MSI shall carry out such tests. If such part fails the tests, the MSI shall carry out further repair, replacement, or making good (as the case may be) until that part of the System passes such tests.
